Consulting Management Solutions

Founded by Ulf Schneider in 2003, SCHNEIDER GROUP is a consulting company providing services and expertise to support companies as they enter markets and grow their business in Eastern Europe, Central Asia and the Caucasus. With offices in 15 countries, the company has excellent opportunities to work with clients operating in different regions and industries, and can leverage its extensive experience to provide a full range of business services across the region.

Established in 2023, the Tbilisi Office of SCHNEIDER GROUP has grown quickly into a reliable partner for legal, tax, accounting and HR services for companies entering the market and expanding their business in Georgia.

With its strategically favourable location on the Europe-Central Asia-China transport corridor, Georgia benefits from changes in trade routes and is pursuing ambitious infrastructure projects in the areas of ports, terminals and road construction. These main drivers of the country's 5% economic growth, which has been stable for years, also include services and investment. Georgia's liberal environment and free trade with many countries as well as low tax rates and uncomplicated start-up procedures make it an attractive investment location in the South Caucasus.
