Consulting Management Solutions

Founded by Ulf Schneider in 2003, SCHNEIDER GROUP is an international consulting company providing services and expertise to support companies as they enter markets and grow their business in Eastern Europe, Central Asia and the Caucasus. With offices in 15 countries, the company has excellent opportunities to work with clients operating in different sectors and industries, and can leverage its extensive experience to provide a full range of business services across the region.

Established in 2023, SCHNEIDER GROUP's Vilnius office brings together a team of local experts with deep market knowledge to help foreign investors navigate through Lithuania's business landscape with relevant tax, legal, accounting, and HR services, and ensure their success in the region.

With a steadily growing economy, boasting a GDP growth of 0.5% in 2023 and a projected 2.1% in 2024, as well as a strategic position in the Baltic Sea region, Lithuania represents a compelling destination for international investors. Thriving sectors like ICT/IT, finance, and tourism offer promising opportunities for expansion.

Lithuania actively welcomes foreign investors with lucrative incentives. The "Green Corridor" offers a 20-year tax break, land access, and fast permits for large projects. Special economic zones provide a 10-year tax exemption, followed by a 50% reduction for 6 years, eliminating property and capital gains taxes.
