Consulting Management Solutions

Founded by Ulf Schneider in 2003, SCHNEIDER GROUP is an international consulting company providing services and expertise to support businesses as they enter markets and grow their presence in Eastern Europe, Central Asia and the Caucasus. With offices in 15 countries, SCHNEIDER GROUP has excellent opportunities to work with clients operating in different regions and industries, and can leverage its extensive experience to provide a full range of business services across the region.

The Chisinau office serves as a one-stop partner for international companies seeking to enter the Moldova market. We provide a comprehensive suite of legal, tax, accounting, and HR services, ensuring smooth business expansion and ongoing operational support.

Within SCHNEIDER GROUP's extensive network, the Chisinau office leverages cross-border collaboration to assist clients in expanding beyond the South Eastern Europe, with a focus on the Central Asia and Caucasus regions.

Moldova is emerging as a compelling destination for companies seeking to diversify their Southeast European procurement strategies by leveraging low operating and labour costs, a favourable corporate tax structure, free trade agreements with the European Union, and its access to the Black Sea. In addition to its well-established agricultural sector, Moldova offers a thriving manufacturing sector, presenting a pool of skilled talent for contract manufacturing across diverse industries such as electronics and automotive components.

Foreign direct investment is on the rise, currently concentrated in financial and insurance services, with manufacturing and IT experiencing a surge in interest. Companies can leverage Moldova's advantages alongside Romania's EU presence to build robust and cost-efficient regional supply chains.
