Founded by Ulf Schneider in 2003, SCHNEIDER GROUP is an international consulting company providing services and expertise to support businesses as they enter markets and grow their presence in Eastern Europe, Central Asia and the Caucasus. With offices in 15 countries, SCHNEIDER GROUP has excellent opportunities to work with clients operating in different regions and industries, and can leverage its extensive experience to provide a full range of business services across the region.

The Belgrade office serves as a one-stop partner for international companies seeking to enter the Serbian market. We provide a comprehensive suite of legal, tax, accounting, and HR services, ensuring smooth business expansion and ongoing operational support. Within SCHNEIDER GROUP's extensive network, the Belgrade office leverages cross-border collaboration to assist clients in expanding beyond the Balkans, with a focus on the Central Asia and Caucasus regions.

Boasting steady GDP growth, significant FDI, and excellent logistical connections to Western Europe, the Middle East, China, and Eastern Europe, Serbia becomes a compelling destination for investors in sectors like food & agriculture, production, construction, energy, automotive, and IT. This strategic location, coupled with its skilled workforce, makes Serbia a perfect destination for companies seeking to nearshore their operations.

In recent years, Serbia has strengthened its business appeal with tax breaks, grants, and free trade zones. Numerous bilateral agreements enable the country to support important trade markets as a hub for duty-free exports and preferential trade. Hosting the 2027 World Expo in Belgrade further bolsters investment attractiveness.
