- * Member of EUROBAK and VDW

Consulting Management Solutions

Founded by Ulf Schneider in 2003, SCHNEIDER GROUP is an international consulting company providing services and expertise to support companies as they enter markets and grow their business in Eastern Europe, Central Asia and the Caucasus. With offices in 15 countries, the company has excellent opportunities to work with clients operating in different sectors and industries, and can leverage its extensive experience to provide a full range of business services across the region.

Since 2007, SCHNEIDER GROUP Almaty office has grown to 115 expert employees who annually serve more than 100 foreign clients, supporting them at all stages, from planning to full operation.

Since the 2000s, the Republic of Kazakhstan has experienced impressive economic growth, driven by the first generation of market reforms, rich mineral resources extraction, and large amounts of FDI.

The country has abundant natural resources - oil, gas, coal, uranium, and other mineral deposits – and is using them to create Central Asia's leading economy. Kazakhstan is also emerging as a major transport and logistics hub in the region, linking the large and fast-growing markets of China and South Asia with those of Russia and Western Europe via roads, railways and ports on the Caspian Sea. Kazakhstan represents a trading gateway to a market of approximately 100 million consumers in the Caspian Sea countries, 76 million in Central Asia and 350 million in Western China. In addition, Kazakhstan has significant agricultural potential for grain and livestock production.

Developing business in the country that is a strategic location for western business expansion, our company provides quality services to our clients, ensuring personalised approach and western quality standards.
